Distributor of Components
to the Coil Winding Industry

Ferrites

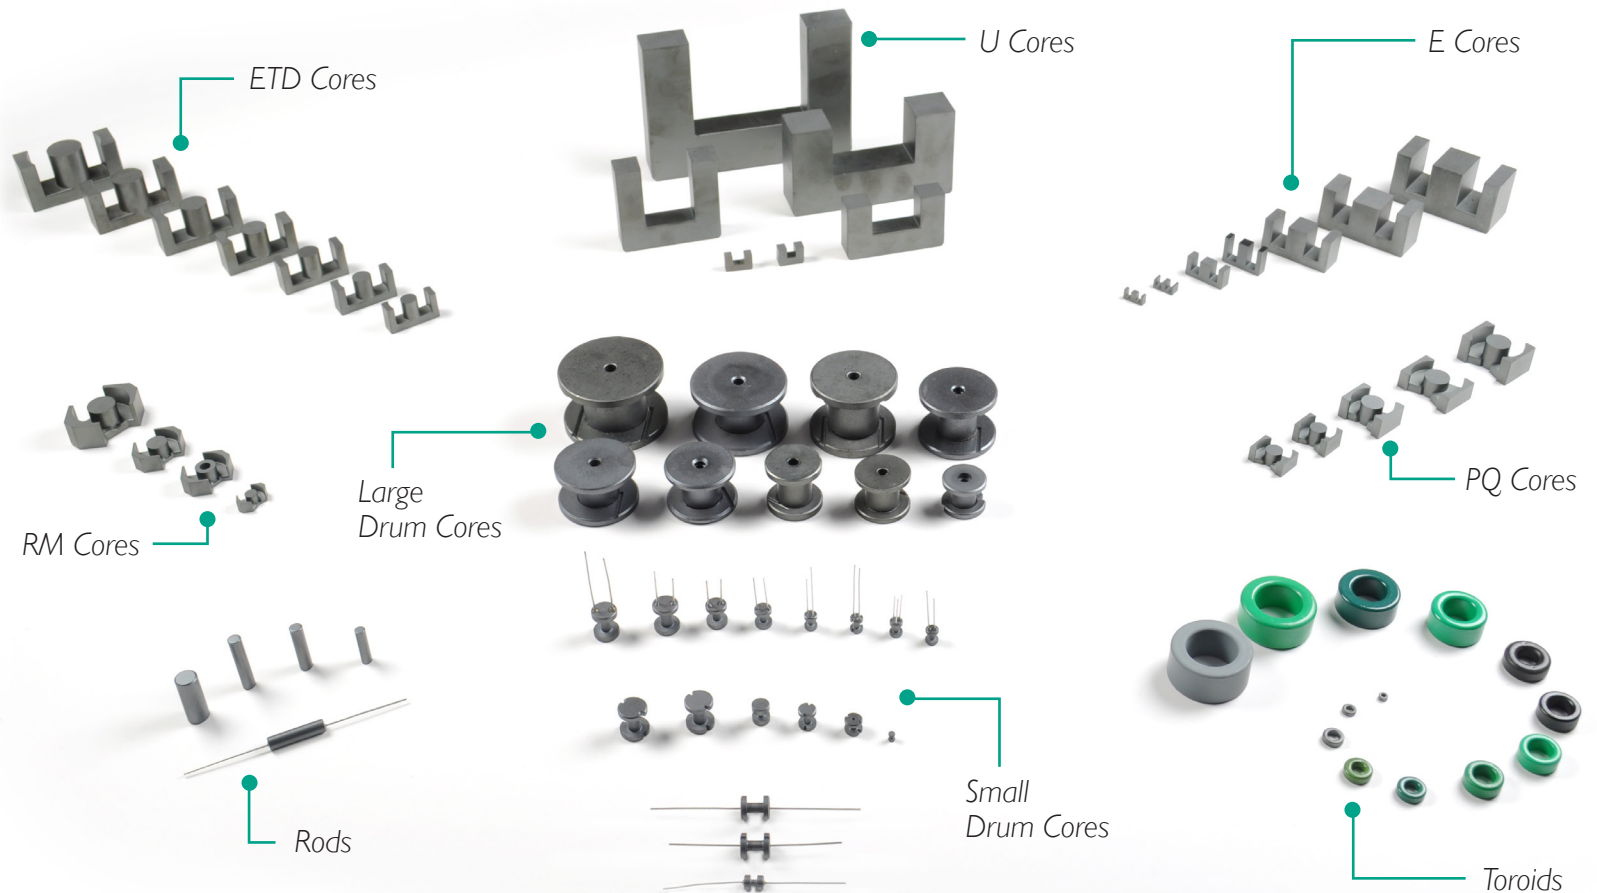

Power Magnetics is an authorised distributor for Cosmo Ferrites Ltd. We hold a large range of Ferrite Cores in stock, ready for next day delivery anywhere in the UK and 3-4 day delivery in mainland Europe.

We can usually supply ferrite cores in equivalent materials to the likes of Ferroxcube™, Epcos™ and TDK™ and at considerably lower prices. Furthermore, where we are not holding an item ex-stock, Cosmo Ferrites' manufacturing lead-times are typically significantly shorter than the industry norm.

We have included a ferrite materials cross-reference chart at the foot of this brochure and hope that you will find it a useful reference tool.

For more information please phone us, email us or visit our website at www.powermagnetics.co.uk, where you will find more detail on our range of products, including PDF datasheets for download.

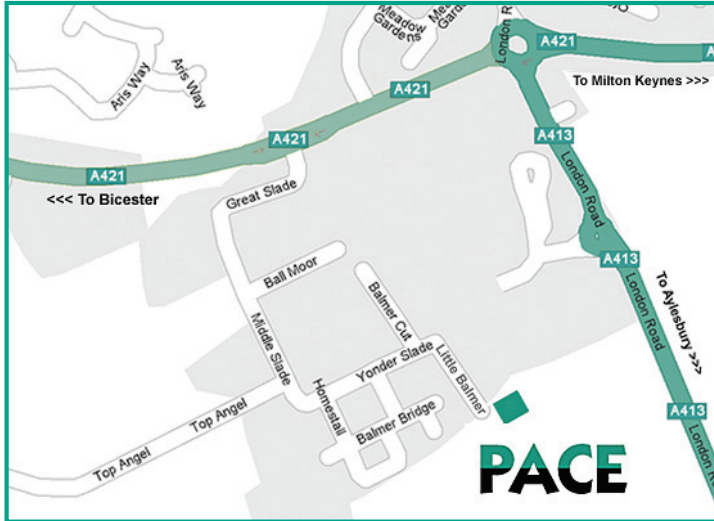

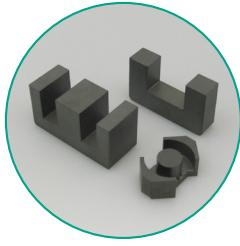

Also check out our online shop (accessed via our website). Here you can purchase a selection of our products, including ferrites, powder cores and triple insulated wire.

Also contact us for: EC, EI, EER, EP, EFF, ET, UT, PTS, Pot and Planar Ferrite Core Types.

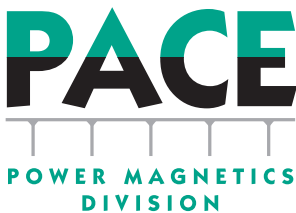

FERRITE MATERIAL CROSS REFERENCE TABLE													
INITIAL PERMIABILITY	2500	4300	5000	6000	7000	10000	1800	2000	2100	2100	2500	2800	3000

Note: This cross reference chart is indicative, and intended only to help the customer arrive at Cosmo Ferrites material grade nearest the grades of other manufacturers listed herein. We do not claim exact equivalents of material grades to any other manufacturers grades. Before confirming orders, customers are advised to refer to "Material Information Datasheet" listing the detailed magnetic and electrical specifications of the Cosmo Ferrites material grades or get in touch with our sales department at sales@powermagnetics.co.uk

Power Magnetics is a division of PACE Components Ltd and is a specialist distributor to the coil winding industry. We stock a large range of components, including Iron and Alloy Powder Cores, Coilformers, Mounts & Headers and Furukawa Triple Insulated Wire.

Please visit our website or phone us for more information or to request our full brochure.
